Beech Road Residents Association

R200029 19/7/20

Beech Road United

An article by Ken Mercer published in Purley Parish News March 1981

No not another football club but the infusion of: new residents of excellent status which must reduce the average age and make some in old Beech Road feel veterans.

Anticipating the imminent completion of the junction and removal of the barrier, we sent out a welcome to our new neighbours with invitation for old and new to meet over coffee and punch. The response was more than satisfactory and upwards of 50 chattered away for a couple of hours in the Pavilion Meeting Room, Making more noise than the Club next door, where some of the enthusiasts concluded their conversations.

We now number up to 64 houses with proportionate increase in Magazine delivery and we hope that by the time this is in print,- the physical barrier will have been removed eliminating the confusion caused to delivery vans and other visitors

K;J.. Mercer:

The Beech Road Residents Association remained active for a few years but did not survive Ken's death.
