At the end of term the school bade farewell to Mrs. M. Maclean, the headmistress. In appreciation of the transformation she has brought about in the school, the Managers presented her with a table lamp (made at Purley Park) and a bouquet of spring flowers. On the final afternoon, after a concert by the children in which they enacted the stories of The Princess and the Pea and The Dig Turnip, the children made a presentation of a silver bracelet and another bouquet. The Rector thanked Mrs. Maclean and she expressed her great appreciation of the gifts and the cooperation she had received from parents and staff. She said how much she would miss the children and the school which would always retain happy memories for her. (See letter on Page 14)
